

Workshop: New perspectives on the history of migration in the Northern Netherlands and the Northwest of Germany

Groningen, 29 August 2016

Organised by: Geschiedenisnetwerk, Waddenacademie and Rijksuniversiteit Groningen

In cooperation with: Fryske Akademy en Emslandmuseum Lingen

In early 2016 the Geschiedenisnetwerk/Geschichtsnetwerk for the Northern Netherlands and North-western Germany was founded. In this context, a workshop will be organised. The purpose of this workshop is to create a starting point for a research agenda with regard to migration research in the Northern Netherlands and Northwest Germany. During the afternoon various people involved will present their migration research and ideas. After the presentations, we will discuss the possibilities of common ground between different perspectives. This discussion could lead towards new projects.

This workshop is trilingual: German, Dutch and English. If you are interested in this workshop, please send an email to j.jansen@fryske-akademy.nl.
